DRAYTON VALLEY, ALBERTA

VOL. II, NO. 31 AUGUST 3, 1966 PRICE 10¢

Alberta Paddlers To Take Part In Trials

Alberta's entry in the 1967 Centennial Voyageur Canoe Pageant, the canoe "David Thompson", will be manned by a crew of husky paddlers in the 1966 Canoe trials, the first leg of which is scheduled to push off from Fort St. James, B.C., on August 6th, for a gruelling trip down the

Fraser River and across the Strait of Juan de Fuca to Victoria.

Canoes and crews representing every province of Canada as well as both the Yukon and Northwest Territories will be taking part in the trials, and following the conclusion of the trip through British Columbia, the entire group will move to Lachine, Quebec, from where they will follow an Eastern route via the Hudson River to New York City, where they are scheduled to land on September 3rd.

In the 1966 trials, held from North Bay to Gananoque in Ontario, the Alberta paddlers arrived at the finish point two and one-half days ahead of their nearest rivals.

The canoe was named for the noted explorer and fur trader, David Thompson, who in 1809 founded the Northwest Fur Trading Company, built the first fort at Rocky Mountain House and mapped the entire Western part of Alberta.

John Nikel, Commodore of the "David Thompson" named his crew recently. It consists of a captain and eight crew members. Vic Maxwell of Rocky Mountain House, a well-known motel owner and guide, is the captain, and his crew includes brothers George and Albert Abel of Calgary, David Ellery and Dave McClure of Drayton Valley, Francis Tally of Barrhead, Terry Ford and Ken Hardy of Edmonton, and Robert Poluck of Calgary. These men will paddle the "David Thompson" in both 1966 trials as well as in the Voyageur Canoe Pageant next year.

The 1967 Centennial Voyageur Canoe Pageant will retrace the routes of the fur traders and voyageurs across the country. It will start at Rocky Mountain House on May

Continued on Page 2

Pembina Pipeline Wins Title

The Pembina Pipeline men's softball team won the championship of the Drayton Valley and District Men's Softball League by stopping the Lutheran Church team 17-4 and 5-1 in the finals of the league playoff.

The Pembina team under the mentorship of Harold Reinhart compiled an impressive record over the season, finishing in first place in regular league play, defeating Pan American in the semi-final round of the playoffs and finally winning the league title from the Lutheran team in the finals.

This men's league organized this year for the first time, proved to be quite a success. It produced a good calibre of softball and in many of the games, both in regular league play and in the playoffs, the competition was very keen. Several of the games were decided by one or two runs which made for some very interesting evenings for the softball enthusiasts.

Cavalcade Held At Weekend

Ten or twelve cars from Drayton Valley took part in the David Thompson Cavalcade held last weekend.

Entertainment and activities of the Cavalcade centered at Kootenay Plains some fifty miles West of Nordegg.

A fine two-day program was held with games, dancing, music and a free pancake breakfast held Monday under the sponsorship of the Stettler Board of Trade.

Combine School

Instruction in combine operation will be available to all interested on Friday, August 5th at 7:30 p.m. at Big Country Machinery in Drayton Valley.

The program will include operation and adjustments for combines. Everyone interested is welcome to attend.

Air Cadets of No. 733 Drayton Valley Squadron are shown above at camp in Penhold. Front row, left to right: Air Cadets, G. Hansen, T. Copeman, Civ. Instr. W. G. Johanneson, Air Cadets

Ken Herbert, G. Williams. Back Row, left to right: Air Cadets D. Thompson, K. Dusterhoft, G. Hart, Drill Instr. G. Pickup, Air Cadet R. Wills, S. Hoge, F. Kaarsemaker.

Air Cadets Return from Summer Camp at Penhold

Air Cadets of No. 733 Squadron, Drayton Valley, Alberta returned last weekend after two weeks at Air Cadet Summer Camp, Penhold, Alberta.

By summer's end some 2200 air cadets from squadrons located as far East as Geraldton, Ontario, and as far West as Prince Rupert, B.C. will have attended one of four two week camps at the huge Central Alberta air base.

This is the first time that all the prairie provinces,

British Columbia and North Western Ontario will be attending the same Alberta camp. The last similar camp was at RCAF Station, Vancouver some six years ago.

Each squadron received basic drill practice under Drill Instructors, both from the Permanent N.C.O. Instructional Establishment and from the Senior Cadets appointed as Drill Instructors. As is only to be expected the permanent staff N.C.O. Instructors are well qualified and handle the squadrons excellently. Also the Cadet Drill Instructors have shown a really fine attitude and quality of Drill Instruction considering the limited amount of training in most cases that they have had.

Aside from Basic Drill instruction each cadet experienced the thrills attending both the power flight and the non-powered flight.

A well organized and directed program consisting of such varied courses as organization of the armed forces, career counseling, water safety, first aid and interspersed heavily with outside activities such as organized soft ball, borden ball, track and field, rifle handling and firing on the 25 yard range, drill swimming, filled up a busy day.

Extra curricular activities are stressed at the huge boy's camp. Flying in a Service aircraft, glider flying, tours to industrial and historic areas in the Red Deer valley are a few of the activities which occupied the off-duty hours of the cadets.

Tours to Red Deer, Sylvan Lake, Calgary Zoo, Calgary Holiday Land, Calgary Aquarium and Frontier Museum and to Klondike Days in Edmonton were an integral part of the program. As well there were swimming periods both into the city pool facili-

ties in Red Deer as well as those on the base. Then for evening enjoyment there were the motion pictures, bowling, stage shows at the curling rink, games in the games room, T.V. in the Cadets' lounge as well as a fine canteen for confectionery and drinks.

Most popular place on the base was the mess hall, where the cadets received full service rations cooked by professional food specialists, and where a night time snack was available.

Plan Freezer Demonstration

Calgary Power Ltd. has announced plans for a freezer demonstration to be held in the Scout Hall in Drayton Valley on Thursday, August 11th from 2:30 to 3:30 p.m.

The demonstration is being held in co-operation with local freezer dealers and will be free to the public.

The informative demonstration will be conducted by Jeanne Sokoluk, Calgary Power Ltd., Home Economist.

Carson and Barnes Circus Plays D.V. for First Time

Last Wednesday, residents of Drayton Valley and district were entertained by the Carson and Barnes Circus. The first performance was delayed due to a series of breakdowns on the road from Whitecourt.

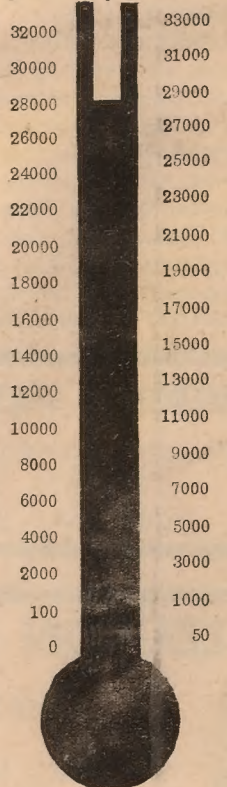

This Circus employs a total of 250 people and has travelled extensively throughout Canada and the U.S.A. A full season is from April through October. The winter months are spent in Hugo Oklahoma working out new acts and training newcomers.

Head Clown, Harry Dann, worked in the Ringling Bros.

Circus for seven years prior to his engagement with Carson and Barnes and has played the P.N.E. (Pacific National Exhibition) for nine consecutive years.

Star attraction, Sky King, actor Kirby Grant, is an actor by profession but actually got his start as a concert violinist. He holds his Masters degree of Music. In addition, he has his own television show in which he pilots his own plane. When asked what he disliked most in the entertainment field, he replied, "Paying income tax."

Centennial Fund \$34,000

Donations to the Centennial Fund were received during the past two weeks from: Canada Cities Services, Mac-Calder Construction Limited, Dr. R. Findlay and R. Kowal.

2014.18.196A

Win Music Award

Local musicians Rosaire and Maurice Parenteau made a fine showing in Edmonton during Klondike Days by placing 4th out of 60 entries in the finals of the Sunwapta Broadcasting Company's honky-tonk entertainment contest. They placed first in the Wednesday section of the contest and competing with professional and semi-professional entertainers in the final Saturday placed a very creditable 4th.

Evansburg News

Well, the results of all those hours of hard work paid off. We hope some of you saw our 4-H float on TV. The boys and girls came home proudly bearing a second place ribbon and anticipating a second place cheque of \$50. Congratulations go to the hard workers and many thanks go to the various people and business firms from Entwistle, Evansburg and Wildwood who loaned props for the float.

The Styal local of the FUA held their regular meeting in the Holly Springs community centre. Due to having preparations not many members attended but it was brought out that efforts are being made through various agencies to establish a livestock buying station and a seed cleaning plant somewhere in the area.

Reaping the rewards of his hard work in the 4-H club is John Ohnesty who attended Club Week at Vermilion as last year's provincial winner for forage crop plot.

Visiting at the Ohnesty home is Mrs. James Ohnesty with Chris and Rene. Jim is expected from Colorado Springs to visit at his parents home shortly.

Preparations are going full swing for the Annual Kinsmen Horse Show to take place on August 20th. Have you purchased your ticket and voted for your favorite queen candidate yet?

There's one thing certain about flattery -- it's not done with mirrors.

Softball Tournament To Be Held This Weekend

A Men's Softball Tournament will be held this weekend in Drayton Valley. The tourney will be held at the Lions New West Valley Recreation Park. It will get under way at 10:00 a.m. on Saturday, August 6th and all games of the tournament will be played off that day.

This will be a double knockout tournament with a total of \$200 in prize money being divided between the winners of the "A" and "B" event winners.

At least ten teams will take part in the tournament. This will include four local teams, three teams from Edson and one each from Barrhead, Swan Hills and Warburg. There is also a possibility that Breton

will field a team for this tournament.

For further information about this tournament contact the director of the tournament Harold Reinhard at 542-3348 or call the Recreation Office.

HAIL REPORT

There was very little hail reported in the Alberta Hail Studies project area during the week ending 24th of July. A total of only 30 reports were mailed in by farmers, the largest size noted was grape and there were only one or two isolated pockets of damage.

Probably the worst affected area was the Northern part of the City of Calgary, hit by a brief storm on the evening of the 22nd of July.

Seek New Recruits for Local Air Cadet Corps

The R.C.A.F. Cadet Squadron #733 of Drayton Valley is looking forward to another successful year. In order to realize this ambition it will be necessary for the squadron to do quite a recruiting job. Several outstanding Cadets have dropped out on reaching the maximum age limit for Cadets and these boys must be replaced if the squadron is to carry on successfully during the coming year.

Regular cadet training will resume early in September and it is hoped that at least twenty recruits will be enrolled by that time. It is hoped that the squadron strength will be in the vicinity of forty cadets during 1967. Squadron #733 has been one of the outstanding organizations in the local recreation program during the past three years and we must make every effort to keep this squadron alive and healthy.

On behalf of the local squadron and the Civilian Committee we extend an open invitation to all boys between the ages of fourteen and eighteen years of age to join this exceptional group of youngsters who are part of a great national organization. For further information on how to become a member of the Air Cadets contact the Command-

ing Officer of the Squadron F/L Maurice R. McCullagh.

Presently some members of Squadron #733 are at summer camp at Namao. These air cadet summer camps are of two weeks duration and are held annually at designated R.C.A.F. Stations across Canada. The number of Air Cadets authorized to attend camp is determined by the Chief of the Air Staff. Normally the number is around 25% of the overall air cadet establishment.

D. V. Paddlers

Continued from Page 1

25th and in a symbolic 100 days, the crews will paddle some 3,300 miles to the Expo '67 site in Montreal. Several thousands of dollars in prizes will be competed for, some "sprint prizes" which will be awarded to the teams of paddlers as they complete given phases of the trip.

The winning crew, - the one which takes the shortest time to reach Montreal, - will receive \$2,500 each, the second place crew \$2,000 each the third place team \$1,500 each and every man who completes the trip to Montreal will receive \$1,000.

Slow Down and Live

During the summer months when so many families take to the road, it is fitting that the motorist be reminded to slow down his driving speed. Speed was a major cause of the 4,879 deaths from automobile accidents which occurred in Canada in 1965. Speed continues to be the major factor in the increasing number of automobile accidents across the country.

Long smooth highways are a natural temptation for the driver to increase his speed. But highway signs are established with reference to wide surveys of the dangers of each road. They are there to be obeyed--for the safety of the driver.

Divided highways, too, are not necessarily danger free. Often drivers do not observe regulations concerning slow and fast lanes or they are surprised by animals crossing the road. In either case, the speeding driver is at a disadvantage. His stopping time increases at an alarming rate in proportion to his increased rate of speed. He cannot stop quickly in case of emergency.

Speeding drivers are often those who attempt to pass other vehicles along a solid

white line or when there is little room for them to make the pass.

These practices are, of course, foolhardy. It is often difficult to judge the speed of an oncoming car and passing on a white line means passing with restricted vision or around a curve which is too sharp to make at a high speed.

The list of increased driving hazards because of speed could be greatly extended but the point of these cautions may be summed up in a few words - Slow down and live.

F.U.A. Raffle

Winners Named

A meeting of the Drayton Valley F.U.A. was held on Wednesday, July 13th. The meeting was the last to be held until October.

At the meeting the draw was made for the FUA raffle. Winners were as follows: Quilt, Shirley Guyon, Box 630, Drayton Valley; Sheets, Gloria Brown, Box 112, Violet Grove; Pillow Cases, Mrs. Connie Jevne, Drayton Valley.

USE THE CLASSIFIED

WHO'S NEW

- July 21st - Mrs. George Parker (Sharon), Drayton Valley - Girl - 8 lbs. 2½ ozs.
- July 22nd - Mrs. Ken Wardlow (Helen), Drayton Valley - Girl - 6 lbs. 7½ ozs.
- July 22nd - Mrs. Gerald Swartz (Kathleen), Lindale - Boy - 6 lbs. 8 3/4 ozs.
- July 24th - Mrs. Eric Madsen (Kathleen), Drayton Valley - Boy - 7 lbs. 5½ ozs.
- July 25th - Mrs. Reginald Hamilton (Rosalie), Lodgepole - Boy - 7 lbs. 15 3/4 ozs.
- July 27th - Mrs. Stanley McArthur (Betty), Entwistle - Girl - 6 lbs. 3½ ozs.
- July 27th - Mrs. Robert Ekroth (Donna), Entwistle - Boy - 8 lbs. 2 3/4 ozs.
- July 29th - Mrs. Harvey Nelson (Olga), Drayton Valley - Boy - 6 lbs. 9 ozs.

For the week of July 17th to 23rd the winner of the spoon for the heaviest baby is Mrs. George Parker of Drayton Valley. For the week of July 24th to 30th the winner is Mrs. Robert Ekroth of Entwistle. These proud mothers may pick up their spoons at:

LLOYD'S JEWELLERY

DRAYTON VALLEY, ALBERTA

Today's children are taller, sturdier and healthier than those of a generation or so ago. This can be credited to the increase in public health education. Parents have become familiar with the prevention of many diseases, public sanitation and the importance of

good nutrition. Prenatal and postnatal clinics provide medical check-ups for the pregnant woman, with instruction on exercise, diet and general way of life, to help her with a safe birth and better health for her child.

THE ARNOLD Palmer Method

by GOLF'S 4-TIME MASTERS WINNER

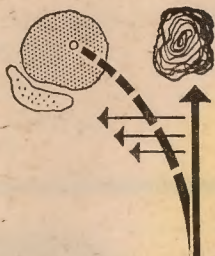

CORRECT FOR CROSSWIND
WHEN YOU AIM THE SHOT

I fully subscribe to the school of thought that advocates avoiding swing changes whenever possible. The case of playing in a crosswind provides a good example of what I mean.

On crosswind shots you can either aim to left or right and let the wind bring in the shot, or you can alter your swing to fade or draw the shot into the force of the wind. I much prefer the former option since it involves no swing changes.

Merely select an object to the side of the pin from which the wind is blowing and hit the shot towards this object, as in the illustration. Obviously, the force of the wind will determine how much you must alter your aim.

When playing in the wind, it is also wise to look at treetops to determine the force of the wind at that height. Often a slight breeze at ground level may be of much stronger force higher up where your ball will be traveling.

Applications For School Bus Operation

The Board of the Stony Plain School Division No. 23 is inviting applications for a school bus operator.

The successful applicant will be required to purchase from the Divisional Board a 1961 G.M.C. 36 passenger school bus (the school bus previously owned by Mr. A. Schlichenmayer) in fairly good condition. The route to be serviced is east and north of Tomahawk involving a daily mileage of about 38 miles and paying about \$20.00 per day. The route will be available September 1, 1966 and the terms of sale are cash before that date.

Applicants must have a Class A Alberta Operator's License and must possess a reputable character and a good driving record.

Applications should be submitted in writing to the Divisional Office in Stony Plain not later than 5:00 P.M. on Monday, August 15, 1966. The Board of Trustees reserves the right to accept or reject any application.

For further information please contact the Divisional Trustee, Mr. G. E. Jouan, Tomahawk, Alberta (Phone R-211) or the undersigned.

Water Skiing
WITH CLINT WARD

Water skis are made in several sizes.

Use Short Skis for Children. Don't teach children to ski on large adult-size skis but use the short narrow skis designed for their use, and, most important, skis with soft bindings. Making children ski with large bindings is much the same as sending them out on the ski hill with Dad's ski boots on. The bindings should be adjusted to a snug fit.

Always Use A Well Designed Ski Belt. Even if your child is a strong swimmer, insist upon the use of a belt, jacket or wet suit at ALL TIMES when skiing. Ski belts are small and light and are adequate for all but jumping and high speed slalom. A good belt will be of a tapered design so that it offers little resistance in a fall and won't get torn off. The webbing with the buckle attached to it should be a continuous piece running right through the floatation part of the belt. Some belts are constructed with the webbing attached at each end. These are not safe, for if the floatation part tears on a fall the belt will come off.

(Copyright 1966. Toronto Star Syndicate)

Summary Separate School Board Regular Meeting

The regular meeting of the Board of Trustees of the Drayton Valley R.C. Separate School District No. 111, was held at St. Anthony's School last July 10th at 8:30 P.M.

Those present included Mrs. E. A. McGee, Vice-Chairman; Trustees J. L. Serenas, T. P. Mulgrew and A. J. Telford, and Secretary-Treasurer A. E. Andruschak.

School principal J. A. Orlin advised the Board that due to the increased enrollment, additional classroom furniture was required. An estimate was provided by the Secretary-Treasurer and upon examining same, the recommendation was approved by the Trustees.

A report on teacher requirements was tabled and it was noted that one more vacancy existed. The Secretary advised the Board that a suitable applicant was presently under consideration and that all the information would be available for the Board's examination and approval at the next regular meeting in August.

Trustees confirmed acceptance of Sister Marie Gabriel's application for teacher employment. Sister Gabriel will replace Sister Marie Florence who was on staff for the last academic year and who will continue university studies in education for the next year at the University of Alberta, Edmonton.

The Secretary advised the Board that two valuable donations of reference books were made to St. Anthony's School. A motion to forward letters of appreciation for the valuable

donations to Mr. and Mrs. Tomazewski of Drayton Valley and the retired Rev. T. Wall of St. Michael's parish in Edmonton was passed.

The financial statement for the month of June was presented to the Board for their examination, and expenditures in the amount of \$6,664.05 were approved.

A copy of a proposed brief on school centralization, prepared by the Alberta Catholic School Trustees Association, was examined and discussed by the Trustees. The brief was found to be excellent in content and a resolution endorsing the proposed brief in whole was passed unanimously. A number of points against school centralization, was long bus routes students would be subjected to, parent control over pupils where a large area would be centralized and dormitories provided, that centralization would eliminate the local governing body and subsequently would not receive adequate control

over local affairs, and that religion instruction to pupils would be difficult and in some cases impossible to provide. It was also felt that if centralization to some extent be recommended that Separate Schools of the province be also granted permission to extend their present boundaries in order to relieve the burden of providing accommodation, as students who attend a separate school and reside outside a district cannot be claimed for building purposes. Briefs from Boards and interested parties throughout the province were accepted by the Legislative School Committee on School Centralization to July 15th for consideration.

The meeting adjourned at 12:08 A.M., on a motion by Mr. Mulgrew.

D. V. Highlights

BY MRS. EDITH DEBY

Mr. and Mrs. Fred Chipchase have sold their farm to Harmon Swap and will leave on for Vernon, B.C. where they have bought a home.

Mrs. William Johanneson is one of the most excited ladies you could see these days. The reason isn't very hard to find. She is leaving for a month's holiday in her native England. This is Mrs. Johanneson's first trip home since she came to Canada as a war bride.

Mr. and Mrs. Harry Zolmer have just returned from a delightful summer holiday which took them to Victoria and Seattle and other points of interest.

Mr. and Mrs. Karl Wahl of Medicine Hat, formerly of Drayton Valley, were guests at the Walter Krause home for several days. The Wahl's second son, Billy, will attend U. of A. this fall on a scholarship he has won and will specialize in music.

Mr. and Mrs. Alex Toth of Gull Lake, Saskatchewan, visited with Mrs. Toth's parents, Mr. and Mrs. Ray McGuigan for two weeks. Mr. McGuigan's brother, Mr. William McGuigan of Long Beach, California, spent two weeks here.

Mr. and Mrs. Jules Parenteau spent part of their holiday at Williams Lake

visiting their son-in-law and daughter, Mr. and Mrs. Gerald Redlinger.

Close friends of Mr. John Mulgrew held a farewell picnic for him just previous to his departure for Scotland. During the three years he was in Drayton Valley John was employed by Rex Burrows and more recently on the Saskatchewan River with the Research Council. John plans to travel extensively in the next several months but his friends are betting he'll be back.

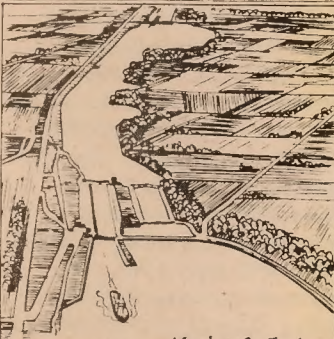

Bruce Barton passed away in Whitecourt recently after a lengthy illness. He was thirty-two years old. During his residence in Drayton Valley Bruce was prominent in the recreation field and especially as a football coach. He leaves many good friends here to mourn his passing.

Mr. and Mrs. Henry Dunington had several members of their family home this summer. Mr. and Mrs. Joe Srotyr (Ethel) came from Chicago, Clayton and two children from Burnaby and the Alberta children Stanley and Mrs. William Chisholm (Margaret) came for a long weekend.

Our deepest sympathy is extended to the Butts family in their recent, sad bereavement.

SIGHT-SEEING QUIZ

Can You Name This Spot?

Clue - THIS LONGEST WATERWAY IN THE WORLD EXTENDS FOR 189 MILES, RISES TO 602 FEET ABOVE SEA LEVEL.
Answer - MONTREAL TO LAKE ONTARIO
ST. LAWRENCE SEAWAY, EXTENDING FROM MONTREAL TO LAKE ONTARIO
Good eyes mean good memories. Care for your eyes at all times.

The Women's Institute held an informal gathering on Wednesday evening for a last visit with Mrs. Fred Chipchase. Mrs. Chipchase has been very active in W.I. and has served in several capacities including that of president. Mrs. Oscar, president, presented Mrs. Chipchase with a W.I. cup and saucer. Since Vernon has a W.I. branch we know Mrs. Chipchase will only wait to get settled before joining.

Only two weeks until the Flower Show. If you need any information contact a W.I. member. Notices will be posted and Mr. Smith still has a number of copies of the edition of the Review that had the prize list.

Mrs. Edith Dunington was hostess on Saturday evening when forty guests sat down to a delicious buffet dinner. Out of town guests included the Ron Smith family. It is good to see that Mr. Smith is making a fine recovery after

his operation.

Mr. Harvey Morrow, formerly of Drayton Valley, has been in hospital for some time.

Mr. and Mrs. David Glen Sr., of Pincher Creek, were in the district on a business trip last Saturday.

WESTERN CANADIAN PIONEER MUSEUM

1911 Franklin

History of pioneer transportation captured in this unique collection

An enterprising father and son team, Ted and Stan Reynolds, have created one of the most unusual museums in our province. Here are authentic stage coaches and old time vehicles, such as the open buggies that provided prairie transportation in the days when "horse power" meant just that. Four hundred steam and internal combustion engines, stationary and traction models in broadly varying design, are prominent in the collection. You'll see pioneer cars dating way back to 1899 including the 1904 Cadillac and Olds 1 cylinder runabouts, 1908 Baker and 1911 Hupp Yeats electric cars, 1911 Franklin air cooled, 1916 V-twelve cylinder National, Cord front wheel drive and the Brooks steam car. There's even a Gypsy Moth biplane, a horse drawn hearse, and a 1912 aerial ladder fire truck. The Western Canadian Pioneer Museum in Wetaskiwin is more than a historical storehouse. It represents a tremendous outlay of interest, time and effort by two imaginative Albertans, in creating a permanent tribute to the pioneer history of our Alberta.

Next time you're travelling highway No. 2, stop and visit the Western Canadian Pioneer Museum at Wetaskiwin. It's open every day from May 1 to October 1.

CALGARY POWER LTD.

Proud of our Alberta Heritage

EVANSBURG NEWS

Cloudy skies and showery weather are what we seem to be having today so the farmers busy in the hayfield are working with one eye on the cloud formations. Seems everyone is busy making hay these days and while some report a very heavy crop, others report a lower than usual yield.

Have been so busy going to and from Edmonton this past week that I just haven't seen or heard much in the way of district news.

Mr. and Mrs. J. Mazeppa have returned from their trip to the Western States and are setting up housekeeping in the house formerly occupied by Mr. and Mrs. Muldoon.

Terry and Andy Kreminiuk and John Ohnesty are busy preparing for eliminations which will take place at Olds

this first week of August. These boys are participating in 4-H eliminations. Guess by now the Grade twelve students will have their wonderings quelled as the long awaited for results have been mailed from the Department.

The district fair is just two weeks away. Have you bought your ticket and supported the girl of your choice?

And don't forget the Kinsmen Horse show coming to Evansburg the day after the fair in Wildwood. By all reports I've heard, those Kinsmen do flip a good pancake on the morning of their show.

The American Medical Association has a new department called "The Department of Medicine and Religion." It is dedicated to an expanding concept of total health care for the whole man through better communication between doctors and clergymen.

Mile Challenges Local Swimmers

Swimming the mile has been the challenge to many local swimmers during the past week. Several local persons mostly members of the younger set have successfully met this challenge. The most outstanding of these is ten year old Grant Germaniuk who has been cutting his time down with each trial. He swam the mile on July 29th with a time of 31 minutes and 14 seconds. This was better by more than a minute over his previous record. Grant aims at swimming the mile under 30 minutes before the season closes.

Dr. Hugh Maclure and Dr. Stu Cameron are among the adults who have successfully completed this swim.

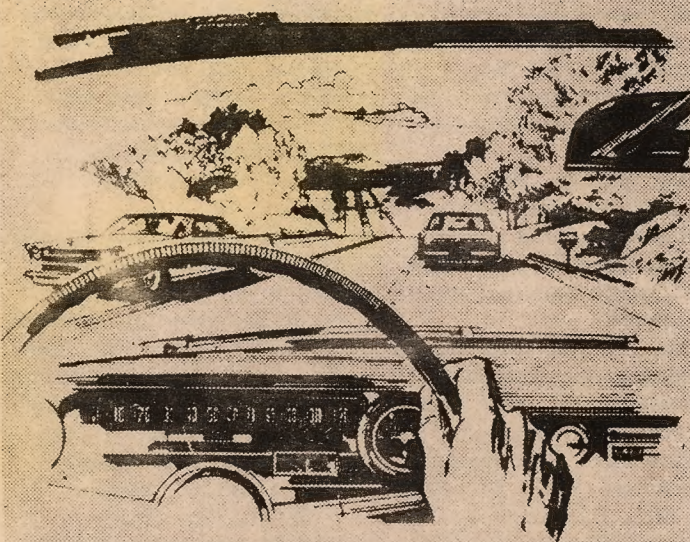

A painful vacation hazard is the one resulting from insect bites and stings, or the rash from poison ivy. Baking soda, made into a paste with water and applied to the bite will often allay the itching. If you suspect contact with poison ivy, wash the skin as quickly as possible with strong household soap or detergent to remove the poisonous oil. If the rash appears, use calamine lotion generously.

HOW GOOD A DRIVER ARE YOU?

How many car lengths should you keep between your car and the car in front—

at 50 mph? 20 mph? 40 mph? 60 mph?

at 50	five car lengths, 100 feet
at 20	two car lengths, 40 feet
at 40	four car lengths, 80 feet
at 60	six car lengths, 120 feet

"Who discovered
the secret of
EXtra smooth
beer?"

Molson's did. 'EX' marks the spot!

The 'EX' on the cap identifies the smooth-brewed beer you've been looking for. 'EX' marks the spot for a great discovery -- in smooth, mature good taste!

SMOOTH-BREWED IN ALBERTA BY MOLSON'S

This Was A Time Of Great Trials

(Seventh Of A Series)
By WALT McDAYTER

Canada in her infant years as a nation met and survived many a crisis. But these were just growing pains, part of the process of maturing into an adult.

In the years following Wilfrid Laurier's reign, the problems became far more critical and complex. Robert Borden and the Conservatives took power after Laurier, and he found himself saddled with the responsibility of plunging the country into World War I.

The challenge was ably met. Within two months, Borden's Minister of Militia, Sam Hughes, was training 33,000 volunteers at Valcartier, Que. On Oct. 14, 1914, they arrived in England as the first Canadian Division assembled. Before war's end, Canada would send a total of 619,636 men into battle.

Though the toll was terrible (Canada lost 60,661 men), the nation also gained considerably from the war. The Great War did much to industrialize the economy. We emerged from the war as an independent nation, signing the peace treaty separately, and with our own charter membership in the League of Nations. Canada gained autonomy in her foreign affairs.

But the conscription issue split the nation between English and French Canadians, and left a scar that remains to this day. In Quebec City, civilians in 1917 fought in the streets with soldiers, and four men died.

It was Arthur Meighen, while in Borden's Cabinet, who formulated the Military Service Act of 1917, which introduced conscription. Meighen succeeded Borden in 1920 as Prime Minister, but so unpopular was he that in the 1921 election, the Conservatives were abruptly shunted out of power. Meighen was back in office a few days in 1926, but was ousted in a constitution controversy.

Liberal Mackenzie King was our tenth prime minister, 1921. It was under his government

that in 1929 Canada experienced the shock of the Wall street stock crash and the world-wide depression. King called an election in 1930, but was defeated by the Tories under R. B. Bennett. Bennett found he had inherited financial chaos, severe urban unemployment, drought and catastrophic crop failure in Saskatchewan. He raised the tariff wall, and put farm credit under tight government supervision.

Mackenzie King was returned as prime minister in 1935, and in September, 1939, was confronted with a new challenge — World War II. King reacted with a highly efficient war program and a regimented economy. Conscription became an issue again. In 1940 King won the election promising there would be no drafting of men into the services, but by 1942 heavy casualty losses forced him to go to the nation with a plebiscite on conscription. Conscription was approved generally, although Quebec voted against it.

World War II ended, and in 1948 Louis St. Laurent succeeded King as Liberal leader and

CANADA'S CENTURY

A new background special on the Centennial of Confederation

Prime Minister. The Fascism of Germany and Italy had been defeated, but St. Laurent saw a new threat to world peace... Communism. He was one of the first national leaders to call for a regional alliance of nations to check the ambitions of Soviet Russia. On April 4, 1949, Canada was among the first 12 nations to sign the NATO treaty.

St. Laurent was defeated by John Diefenbaker due chiefly to the sensational "Pipe-line Debate" of 1957. The Liberals in turn chose Nobel Peace Prize winner Lester Pearson to head their party. In January, 1958, and in the 1963 elections, Canadian voters made Pearson our 14th prime minister.

Toronto Telegram News Service — CLIP AND SAVE —

Prime Minister W. L. Mackenzie King, right, and Louis St. Laurent sit together at the opening session of the U.N., 1946. St. Laurent succeeded King as PM two years later.

Klondike Days Draw Winners

CRUSHING IMPROVES HAY

AGASSIZ, B.C. -- Conditioning cut hay by crushing the stems will provide a larger amount of digestible nutrients for livestock, reports Dr. D. M. Bowden of CDA's Experimental Farm here.

Studies carried out at Agassiz also have shown that this method of conditioning will accelerate the curing process, the researcher adds.

Crushed hay averaged two pounds more in digestible nutrients per 100 pounds of dry matter than hay taken from the same fields and cured without conditioning.

The method of drying may also influence the digestibility level. Tests showed that under rainy conditions, artificially dried hay gave up to 10 pounds more of digestible nutrients per 100 pounds of dry matter than hay cured naturally in the field. Artificial drying, however, offered no advantage over field curing when weather conditions were good.

Digestibility of dry matter in the tests varied from 49 to 72 per cent and the protein content from six to 13 per cent. The protein level was not affected by handling methods.

Lodgepole News

Mrs. Anne Larson of Raymond, Alberta visited at the home of Mr. and Mrs. Roger Nelson and boys.

Congratulations to Mr. and Mrs. Reg Hamilton on the birth of a son in the Drayton Valley hospital.

Mr. and Mrs. Joe Jablecki of Melfort, Saskatchewan spent a week with Mr. and Mrs. Ed Rosentreter and family.

Mr. and Mrs. Chas. Goett returned home Saturday after a two-week vacation to Regina and Winnipeg.

Mrs. Henry Elliott is spending a few days in Edmonton with her daughter and son-in-law Mr. and Mrs. Walter Petruniak.

Vacation Bible School is in full swing under the direction of Mr. Chuck Alton Mrs. Edyth Kyle, Mrs. Ray Anderson and Miss Maureen Waters.

Miss Brenda Elliott is employed at the home of Roy and Shirley Mundorf for the summer months.

The community wishes to express their sincere sympathy to Mr. and Mrs. Ed Moisey on their recent bereavement.

The Lodgepole Centennial project in the form of a picnic and camp ground is well
